## IP3 Accreditation

The Institute for Public-Private Partnerships, A Tetra Tech Company (IP3), is an authorized provider of Continuing Education Units (CEUs) as sponsored by the International Association for Continuing Education and Training (IACET).

## About IP3

IP3 is a leading global provider of public-private partnership (PPP) consulting and capacity building services. IP3 provides institutional support to public and private sector entities engaged in PPP projects around the world, helping mobilize private sector expertise and resources to enhance the quality and availability of infrastructure for public services. Sectors include transportation (road, ports, and airports), social infrastructure, water, energy, telecom, and the defense industry.

IP3 has over 20 years of experience in both establishing an enabling environment for each form of PPP and providing transaction-specific support throughout the entire project life-cycle. IP3 has financial, economic, legal, policy, institutional, technical, and other expertise and experience across all sectors. IP3's core team of instructors has advised on nearly \$30 billion in PPP transactions and designed some of the most successful and innovative PPP frameworks in emerging markets. IP3 uses the lessons learned and the global best practices from the UK PFI, P3 Canada, Australian, Western European, and Latin American models to create innovative solutions for our clients.

IP3 is world recognized for our capacity-building services, which have trained more than 35,000 public and private decision makers across 175 countries. For over a decade, we have been a leading partner of federal agencies and international donors in promoting PPP development in Africa, the Middle East, Eastern Europe, and Asia.
